14 Darryl Anthony Williams,

15 Defendant.

Case No. 3:99-cr-00161-HDM-RAM

**Stipulation to Extend Time for
Mr. Williams's Reply to
Government's Response to
Defendant's Motion for
Sentence Reduction
(First Request)**

17 IT IS HEREBY STIPULATED AND AGREED, between Assistant Federal
18 Public Defender Wendi L. Overmyer, counsel for Darryl Williams, and Assistant
19 United States Attorney Peter H. Walkingshaw, counsel for the United States of
20 America; that Mr. Williams's reply to the Government's Response (ECF No. 74)
21 to Mr. Williams's Motion for Sentence Reduction (ECF No. 68) be extended to
22 and including April 24, 2023.

23 This stipulation is entered into for the following reasons:

24 1. Mr. Williams filed his motion for sentence reduction on March 27,
25 2023. ECF No. 68.
26

1 2. The government received a one-week extension for its response,
2 which was filed on April 10, 2023. ECF No. 74. Mr. Williams's reply is currently
3 due April 17, 2023.

4 3. The motion presents a complex factual record, including several
5 hundred pages of medical records, prison disciplinary records, case-related
6 material, and two expert reports. It also presents several legal issues, including
7 an analysis of non-retroactive changes in sentencing law in the period since Mr.
8 Williams was sentenced.

9 4. Undersigned counsel for Mr. Williams requires additional time to
10 speak confidentially with Mr. Williams through a legal phone call arranged by
11 the Bureau of Prisons. Mr. Williams's counsel estimates an additional seven
12 days is necessary to and including April 24, 2023, to review the government's
13 response with Mr. Williams and prepare the reply.

14 5. Undersigned counsel has been diligent in providing accurate,
15 updated information for this Court, and does not seek this extension for
16 purposes of delay.

17 6. Government counsel consents to this extension of time.

18 This is Mr. Williams's first request for an extension of time to file his
19 reply in this matter.

20 DATED this 14th day of April, 2023.
